

# Safe-T-Puller™

Quality Product's Flag-Ship Product and most popular *Safe-T-Puller™*. Since 1994, we have been building marine equipment for recreational boaters and fishermen in the Pacific Northwest, Canada, Alaska and all around the world. Our goal is to design and manufacture the safest, highest-quality shrimp and crab gear at an affordable price. Product safety, quality and customer service are at the heart of our company's focus.

- Quiet, fully O-ring sealed motor, life-time lubricated planetary gears, fast pulling, patented Self-grip sheave, complete unit.
- 1-piece or 2-piece take apart davit for easy installation and convenient stowage.
- Available in 100, 150, 200 and 300 pound capacities with 110 feet per minute line speed.
- Davit sections come apart easily and turn silky smooth due to the UHMD sleeves in the joints and gunnel bracket.
- Several mounting bracket options are available, including one designed for Scotty-Downrigger Mount.
- 153:1 planetary gear ratio gives fast line speed and excellent hoisting capacity.
- Roller-Fairleads provide superb Line handling and tracking.
- 1-Year Warranty against material and workmanship defects.
- For the Safest, Most Powerful, Most Reliable and Highest Quality Electric Line-Hauler available anywhere, give us a call.
